The Rental shall terminate as of Supplier's taking possession, but the termination shall be without prejudice to any rights, remedies or claims Supplier may have.
- 6.5 At the expiration of Rental term or in the event Customer is otherwise required to return Rental Equipment to Supplier pursuant this Contract, Customer shall return Rental Equipment to Supplier, prepaying all transportation and export charges, at a location designated by Supplier, in the same repair and condition as at the time of original delivery to Customer, reasonable wear

 - 13.1.3 the other party passes a resolution for winding up (other than for the purpose of solvent amalgamation or reconstruction), or a court of competent jurisdiction makes an order to that effect; or
 - 13.1.4 the other party ceases to carry on its business or substantially the whole of its business; or
 - 13.1.5 the other party is declared insolvent, or convenes a meeting of or makes or proposes to make any arrangement or composition with its creditors; or a liquidator, receiver, administrative receiver, administrator, manager, trustee or similar officer is appointed over any of its assets; or

- 13.3 Customer shall be entitled, at Customer's convenience, to terminate Contract in part or whole by giving notice to Supplier. In such case Supplier shall cease performance of Work to the extent instructed in the notice and shall take all reasonable steps to mitigate liabilities arising from the termination. Supplier shall be entitled to payment for the part of Work performed up to the effective date of termination together with any direct and documented costs incurred by Supplier in complying with Customer's instructions in regards to such termination, any committed costs and cancellation fees under subcontracts, all mob/demob costs incurred (if any) and a termination fee of twenty-five percent (25%) of Contract price of Work no longer to be performed. 14 INTELLECTUAL PROPERTY RIGHTS

- 14.1 All Intellectual Property Rights produced from or arising as a result of the performance of this Contract shall, so far as not already vested, become the absolute property of Supplier, and Customer shall do all that is reasonably necessary to ensure that such rights vest in Supplier by the execution of appropriate instruments or the making of Contracts with third parties.
- 14.2 Supplier shall defend any suit or proceeding brought against Customer based on a claim that Work of Supplier directly infringes any valid third party patent, provided, that Supplier is notified promptly in Writing and given all necessary information, assistance and authority to defend same. - 14.2.1 procure for Customer the right to continue using Work;
 - 14.2.2 replace Work with non-infringing products;
 - 14.2.3 modify said Work so that it is non-infringing, or

Customer shall also save, defend, indemnify and hold harmless Supplier for actual or alleged patent infringement for claims based on: (a) the combination of Work purchased hereunder with other equipment, or (b) methods or process patents in the application or use of any Work purchased hereunder.
